COMPANY PROFILE

>> 公司简介

Founded in 1995, Dalian ZhongSheng Metal Products Co., Ltd. is a trusted manufacturer of metal parts based in Dalian, China. We specialize in casting, machining, forging, and sheet metal fabrication, providing high-quality components that meet international standards. Backed by over 30 years of experience, our professional technical team strictly controls every production process and procedure to ensure stable quality, reliable performance, and fast delivery. Our solutions are widely used in agriculture, automotive, construction, petrochemical, and other industrial sectors—making ZhongSheng a dependable manufacturing partner for customers worldwide.

大连中盛金属制品有限公司成立于1995年，是一家位于中国大连的金属零件制造商，专业从事铸造、机加工、锻造及钣金加工，产品质量符合国际标准。凭借30多年的行业经验，我们拥有一支专业的技术团队，严格把控每一道生产工序，确保产品质量稳定、性能可靠、交付及时。我们的解决方案广泛应用于农业、汽车、建筑、石化等多个行业，致力于成为全球客户值得信赖的制造合作伙伴。

We deliver precision metal parts for agriculture, automotive, petrochemical, and construction industries. Leveraging decades of expertise, we produce durable components through advanced casting and machining, ensuring reliable quality, fast turnaround, and competitive pricing.

我们为农业、汽车、石化和建筑行业提供精密金属零件。凭借数十年的专业经验，我们采用先进的铸造和加工技术生产耐用的零部件，确保可靠的质量、快速的交付速度和极具竞争力的价格。

With customers in over 20 countries—including North America, Europe, Japan, and South Korea—we offer end-to-end support from production to delivery. Our commitment to quality, on-time shipping, and responsive service makes us a dependable global partner.

我们的客户遍布北美、欧洲、日本和韩国等20多个国家/地区，我们提供从生产到交付的端到端支持。我们致力于提供优质产品、准时发货和快速响应的服务，是您值得信赖的全球合作伙伴。

PRODUCTION WORKSHOP >> 生产车间

Dalian Zhongsheng Metal Products Co., Ltd. boasts a 12,300-square-meter production facility equipped with advanced machining, sheet metal processing, and welding equipment. We possess comprehensive in-house processing capabilities, enabling us to provide high-quality machining services tailored to customer needs. We also maintain close partnerships and joint ventures with numerous long-standing casting and forging suppliers. Leveraging our own production capacity and the resources of our partners, we offer one-stop metal parts procurement and service solutions encompassing casting, forging, machining, welding, stamping, and surface treatment. This ensures reliable product quality and stable delivery, creating greater value for our customers.

大连中盛金属制品有限公司拥有 12.300 平方米的生产基地，配备先进的机械加工、钣金加工、焊接等设备，不仅具备完善的自主加工能力，能够根据客户需求提供高质量的机械加工服务，同时还与多家长期稳定的铸造与锻造供应商保持紧密合作及合资关系。依托自有产能与合作伙伴的资源优势，我们可为客户提供涵盖铸造、锻造、机加工、焊接、冲压及表面处理在内的一站式金属零部件采购与服务解决方案，确保产品品质可靠、交期稳定，为客户创造更高价值。

1995 ESTABLISHED 成立

12,300 ㎡ AREA 面积

OUR PROCESS >> 我们的工艺

CASTING SERVICE-铸造服务

- Sand Casting-砂铸
- Investment Casting-精铸
- Shell Casting-壳铸
- Die Casting-压铸
- Non Ferrous Metal Casting-有色金属铸造
- Permanent Mold Casting-永久模具铸造

FORGING SERVICE-锻造服务

- Free Forging-自由锻造
- Hammer Forging-锤锻
- Die Forging-模锻

MACHINING SERVICE-机加工服务

- Turning-车床
- Milling-铣削
- Grinding-磨削
- CNC Machining Center-数控加工中心

SHEET METAL SERVICE-钣金服务

- Laser Cutting-激光切割
- Stamping-冲压
- Bending-弯曲
- Welding-焊接

ONE-STOP METAL FABRICATION FROM CONCEPT TO DELIVERY

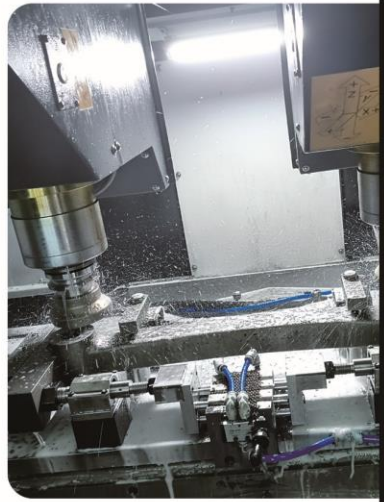

>> 一站式金属制造，从概念到交付

We offer more than just manufacturing—we provide a complete, one-stop metal fabrication service designed to simplify your supply chain. From technical consultation and custom design to production, inspection, packaging, and logistics, every step is handled in-house with professional care. Whether you have detailed drawings or only a rough idea, we turn your needs into finished parts with precision and reliability.

我们提供的不仅仅是制造—我们提供完整的一站式金属制造服务，旨在简化您的供应链。从技术咨询和定制设计到生产、检验、包装和物流，每一步都在公司内部以专业的态度处理。无论您有详细的图纸还是只有粗略的想法，我们都会将您的需求精确可靠地转化为成品零件。

OUR SERVICE >> 我们的服务

PROJECT KICKOFF
项目启动

We begin by reviewing your project requirements. If you already have technical drawings and specifications, we can move directly into production. If not, simply share your basic needs or application goals—our engineering team will assist with design support and provide expert manufacturing recommendations.

我们首先会审查您的项目要求。如果您已经有技术图纸和规格，我们可以直接进入生产阶段。如果没有，只需分享您的基本需求或应用目标即可——我们的工程团队将协助提供设计支持并提供专业的制造建议。

DRAWING SUPPORT
绘图支持

We accept drawings in CAD, PDF, DWG, STP, IGS, DXF, and more. If you don't have a drawing, our engineers can create a custom design tailored to your application—ensuring it's optimized for both performance and manufacturing. Alternatively, if you have a physical sample, we can develop precise drawings directly from it to meet your specific needs.

我们接受 CAD、PDF、DWG、STP、IGS、DXF 等格式的图纸。如果您没有图纸，我们的工程师可以根据您的应用需求创建定制设计，确保其在性能和制造方面达到最佳效果。或者，您也可以提供实物样品，我们将根据样品直接绘制图纸，以满足您的具体需求。

PROCESS EVALUATION
流程评估

Based on your part's function, structure, and usage environment, we evaluate the most suitable manufacturing method. If a different process—such as forging instead of casting—can enhance performance or reduce costs, we'll recommend the optimal solution to ensure better results and greater value.

根据您零件的功能、结构和使用环境，我们会评估最合适的制造方法。如果其他工艺（例如锻造而不是铸造）可以提高性能或降低成本，我们会推荐最佳解决方案，以确保获得更好的结果和更大的价值。

COMPLETE MATERIAL LIST
完整的材料清单

We provide a complete list of materials, covering a wide range of metals including carbon steel, stainless steel, aluminum alloys, and more. We ensure the quality of all materials used in our manufacturing processes, offering our clients confidence in the durability and performance of every product.

我们提供全面的材料清单，涵盖碳钢、不锈钢、铝合金等各种金属材质。我们确保制造过程中使用的所有材料的质量，确保客户对每件产品的耐用性和性能充满信心。

MANUFACTURING CAPABILITIES
制造能力

Our professional technical team manages all core manufacturing processes—including investment casting, CNC machining, welding, and more. By strictly controlling each production step and procedure, we ensure consistent product quality, improve efficiency, and guarantee dependable lead times.

我们专业的技术团队管理所有核心制造流程，包括熔模铸造、数控加工、焊接等。通过严格控制每个生产步骤和工序，我们确保产品质量始终如一，提高生产效率，并保证可靠的交付周期。

QUALITY ASSURANCE
质量保证

Every part undergoes a rigorous quality control process, including dimensional inspection, material verification, and surface evaluation. Our QC team ensures each product meets exact specifications before shipment.

每个部件都经过严格的质量控制流程，包括尺寸检查、材料验证和表面评估。我们的质量控制团队确保每件产品在发货前都符合确切的规格。

ASSEMBLY & DELIVERY
组装及交付

We provide assembly when required and carefully package all products to ensure protection during transit. With flexible shipping options—including sea, land, and air freight—we support global delivery with a focus on both safety and on-time arrival.

我们会根据需要提供组装服务，并精心包装所有产品，以确保运输过程中的安全。我们提供灵活的运输选择（包括海运、陆运和空运），支持全球配送，注重安全和准时送达。

AFTER-SALES SUPPORT
售后支持

Our service continues well beyond delivery. We provide responsive after-sales support including technical guidance, troubleshooting, and part replacement if needed. Whether it's installation assistance, product performance, or future procurement planning, our team is here to support you every step of the way.

我们的服务不仅在交付后继续有效。我们提供响应迅速的售后支持，包括技术指导、故障排除和零件更换（如果需要）。无论是安装协助、产品性能还是未来采购规划，我们的团队都会全程为您提供支持。

INSPECTION EQUIPMENT >> 检验设备

Three-Coordinate Measuring Machine (CMM)

三坐标测量机

This precision inspection equipment accuratelymeasures the geometric dimensions of complexparts,ensuring strict adherence to design specifi.cations and consistent product quality.

这种精密检测设备可以精确测量复杂雾件的几何尺寸，确保严格遵守设计规范并保证产品质量的一致性。

Hardness Tester

硬度仪

Used to evaluate the material strength and surfaceresistance ofmetal parts,this device ensures eackproduct meets required hardness standards fordurability and performance.

该设备用于评估金属零件的材料强度和表面电阻，确保每件产品都符合耐用性和性能所需的硬度标准。

Spectrometer

光谱仪

This device analyzes the chemical composition ofmetal materials with high precision, ensuring thecorrect alloy elements are used to meet technicaland industry standards.

该设备可以高精度地分析金属材料的化学成分，确保使用正确的合金元素来满足技术和行业标准。

Strength Tester

强度试验机

This equipment measures the tensile, compressive, and yield strength of metal materials, verifying their mechanical performance under variousstress conditions.

该设备测量金属材料的拉伸、压缩和屈服强度，验证其在各种应力条件下的机械性能。

Metallographic Analyzer

金相分析仪

Used to examine the microstructure of metal materials,this equipment helps detect internal de-fects and evaluate grain structure, ensuring material integrity and processing quality.

该设备用于检查金属材料的微观结构，有助于检测内部缺陷并评估晶粒结构，确保材料完整性和加工质量。

With advanced inspection equipment including 3D CMMs, hardness testers, spectrometers, and metallographic analyzers, we ensure every component we produce meets the strictest international standards. Our certifications (ISO 9001:2015, CE, RoHS, TÜV) reflect our unwavering commitment to quality control and customer satisfaction.

我们拥有先进的检测设备，包括 3D 坐标测量机、硬度计、光谱仪和金相分析仪，确保生产的每一个部件都符合最严格的国际标准。我们已获得 ISO 9001:2015、CE、RoHS、TÜV 等认证，体现了我们对质量控制和客户满意度的坚定承诺。

WORLDWIDE PRESENCE

>> 全球业务

Mission: Deliver reliable, high-quality metal parts at competitive prices.
使命： 以有竞争力的价格提供可靠、高质量的金属零件。
Vision: Be a trusted global partner in metal manufacturing.
愿景：成为金属制造领域值得信赖的全球合作伙伴。
Values: Integrity. Quality. Innovation.
价值观：诚信。品质。创新。

We export to over 20 countries across North America, Europe, Japan, South Korea, and beyond.Year by year, our global presence expands as more partners choose us for quality and reliability.

我们的产品出口到北美、欧洲、日本、韩国等 20 多个国家。随着越来越多的合作伙伴因为质量和可靠性而选择我们，我们的全球影响力逐年扩大。
